eWatch — eCalendar

eWatch subscribers have their own, customized online calendar that includes daily, weekly and monthly views. eCalendar automatically captures future appearance dates for all cases being monitored in eWatch. Appearances are displayed in a printable PDF report for any date range. The PDFs, which can be emailed to attorneys and paralegals, include hyperlinks that go directly to the specific case. Since cases are often adjourned, all PDFs are time and date stamped. eCalendar also includes a "Reminders" feature, which provides weekly email alerts of future appearance dates.

Court Calendars for eDocket and eWatch

Both eDocket and eWatch offer Court Calendars for all 62 New York Supreme Courts and five New York City Civil Courts. By selecting the county and specific date, subscribers can view the type of conference, its scheduled time and its location.
